

MORRILL & ASSOCIATES PC

Professionals

Our professionals know Illinois government first-hand, having served in both its legislative and executive branches, and having represented a wide range of clients including corporations, associations, partnerships, non-profits, governments and individuals.

Our professionals have particular substantive expertise in many fields, including: utility regulation, insurance law, health care, land use and zoning, property taxation, pension system administration, transportation, professional regulation and municipal law. We also have experience in the areas of government procurement and agency rule-making.
